# Wright Specialty – Dedicated Educational Expertise for **More Than 25 Years**

**Wright Specialty Insurance is more than an insurance provider, we are a team of professionals — innovators devoted to finding solutions to the complex risks educational institutions face today. We take pride in providing one convenient source for managing risk in the educational market.**

## Why Wright Specialty Insurance is the right partnership for you

Wright Specialty Insurance is a fully-integrated managing general agency dedicated to the Property & Casualty needs of public and private schools, colleges and universities throughout most of the U.S. We can be your single source for a complete program of no-gap, competitively priced coverages and services.

We support you beyond the insurance policy with innovative underwriting, proven loss prevention service and efficient, attorney-guided claim handling.

Wright Specialty's experienced underwriting team is highly skilled at analyzing risks specific to educational institutions. Underwriters are assigned to each insured risk on an ongoing basis so they can quickly recognize adverse loss trends and communicate those concerns to our loss control and claims departments for actions that could help reduce future exposures. These well-established lines of communications combined with our highly valued broker/agent relationships bring greater context, consistency and accuracy to our underwriting process.

We combine more than 25 years of experience in the education sector with underwriting, claims, litigation management, loss control expertise and A.M. Best's A XV rated insurance. We deliver expertise and service throughout the year to reduce your total long term cost of risk and **protect America's most valuable assets – your students.**
